

THE SCIENCE BEHIND THE ART OF GROSSING

Live webinar

**26th May
2022**

Grossing is one of the pillar steps in the specimen preparation toward pathology diagnosis. Over the years, traditional grossing stations have been incrementally improved, but never offered a breakthrough approach to this fundamental step.

Join our Live Webinar *"The Science of the art of Grossing"* on 26th May 2022 and valuable and **efficient solutions to enhance the grossing step**. Through live webcams our Application Specialists will discuss the main problems with today's grossing procedures and will present the main **key factors for a successful grossing**.

The discussion will include the following topics:

- Operator Safety
- Digital Documentation
- Ergonomics
