STEP-BY-STEP GUIDE TO STREAMLINED BIOPSY HANDLING AND PROCESSING

A practical look at each phase of the biopsy journey — and how smart technology makes a measurable difference.

WEDNESDAY 8 OCTOBER 2025

09:00 AM | 04:00 PM (CEST)

Estimated duration: 45 minutes

Join us for an **exclusive, in-depth webinar** designed specifically for pathology professionals and lab managers. In this session, we'll take you through a step-by-step walkthrough of the **complete biopsy workflow** — from sample collection all the way to cassetting — with a focus on practical challenges and **real-world solutions**.

We'll explore the critical pain points labs face at each phase of the process, including sample misidentification, workflow bottlenecks, and integrity risks.

You'll learn how **our fully integrated system** — featuring FormSAFE, V-Tracker, and UltraCENTER — helps eliminate these issues through automation, smart tracking, and data-driven insights.

SPEAKER

Davide Baronchelli
Application Specialist
