

WHEN DECALCIFICATION MEETS STANDARDIZATION AND AUTOMATION

Introducing the New MAGNUS DECAL

WEDNESDAY, 6 MAY 2026

11:00 AM (CEST)

Estimated duration: 45 minutes

Join us for an insightful webinar with **Dr. med. Holger Hauspurg**, where we will dive deep into the world of decalcification, focusing on how automation is changing the game. Discover how the latest **automated decalcification technologies**, such as MAGNUS DECAL, offer the same **high-quality results** as traditional methods, but with the added advantage of a **fully standardized, automated process**.

Say goodbye to the variability and unpredictability of conventional techniques. With automation, you can ensure **precision and reliability**, all while optimizing efficiency in your lab.

Don't miss this opportunity to learn how automation is setting new standards in decalcification, making your **workflow smoother, faster, and more consistent**.
